

## Make the most of your ProFood Tech investment!

Powered by

THE Processing Event for Food & Beverage | MARCH 26-28, 2019 | McCORMICK PLACE CHICAGO, ILLINOIS USA

**ProFood Tech exhibitors** – Gain additional exposure and generate “soft leads” after the show with ProFood Tech Booth Videos.

The *ProFood World* team will professionally shoot a video at your booth during the show, highlighting your company’s products and services.

The video can then be promoted via an email blast to *ProFood World*’s 27,000+ e-database of food and beverage processing professionals.

Benefits include:

- **Reach key decision makers** in engineering, plant operations, production and packaging in food and beverage manufacturing.
- **Own the video** and use it for future promotions.
- **Extend your trade show investment**, with post-show exposure.
- **Pricing**
  - ProFood Tech Booth Video only - \$1900
  - ProFood Tech Booth Video + Video E-blast - \$5200
  - ProFood Tech Wrap (newsletter) with Booth Video - \$3550

Discover time- and space-saving equipment and packaging solutions that exhibitors presented in Chicago.

**Maximize machine flexibility with a highly configurable transport system**

Looking to package multiple products in different quantities on the same line? Trying to achieve bottom-up filling? These challenges to conventional conveyors are easily achieved with a transport system that provides freedom of motion with maximum dynamics. Watch how this automated production line makes use of this “smart track” system to bring new capabilities and efficiencies.
